

Noah's Ark

God told Noah to build a big ark for his family and the animals. After the flood, God set a bow in the cloud as His promise.

Fun fact!

God told Noah to make the ark 300 cubits long (Genesis 6:15). That's about 450 feet, longer than a football field!

Look it up! Genesis 7:1 (KJV)

"And the LORD said unto Noah, Come thou and all thy house into the ark; for thee have I seen righteous before me in this generation."

Talk about it: Noah obeyed God even before the rain started. What is one way you can obey God this week?
